

DETER THIEVES...SO WHAT'S YOURS, STAYS YOURS! DataDotDNA®

DataDotDNA is a theft deterrent system that works!

Warning decals and thousands of microdots, laser-etched with a unique code are used for marking key component parts of a vessel and it's accessories.

DATADOTDNA is:

- ✓ Hidden across key components and areas of a vessel and it's valuable accessories.
- ✓ Available as DIY brush-on and spray application
- ✓ Easy for Police to use, they need only to find a single DataDot to authenticate and trace ownership.
- ✓ Compliant with State Registration regulations eg. Boat Code

PROOF - DATADOTDNA WORKS!

- ✓ NSW Water Police uncover hundreds of thousands of dollars worth of stolen vessels and 30 charges laid.

NSW Marine Crime Manager Glenn Finnis:

"The true owner came to light as a result of a single microdot being located"

- ✓ AMIF award winner
- ✓ Benefits available from most leading marine insurers

Call 1300 300 829 (mon-fri 9am-5pm) or go to:
