

ASX Announcement

9 May 2025

DataDot Technology Limited (ASX:DDT) – New PropertyVAULT Insurance Services Pilot

DataDot Technology Limited (ASX: DDT) advises that its wholly owned subsidiary, DataDot Technology (Australia) Pty Ltd, the exclusive licensee of the PropertyVAULT national asset register and theft prevention service, has entered into a Pilot Agreement with a major Tier 1 Australian insurer. The agreement enables the use of the PropertyVAULT portal and services to enhance the identification and recovery of stolen assets.

This second Pilot Agreement reflects the ongoing momentum in the adoption of PropertyVAULT within the insurance sector and supports DDT's strategy to expand the platform and its specialist services in the Direct Business and Consumer Segment, as outlined in the Directors' Report released in August 2024.

DDT is engaged in positive and progressive discussions with other major insurers to implement the PropertyVAULT insurance services offering.

DDT remains committed to a long-term growth approach in this segment. Any incremental revenue generated through insurance recovery services will be reinvested to scale and enhance the offering and support broader insurance industry adoption of PropertyVAULT as a standardised solution and service for asset recovery.

The new Pilot Agreement is effective immediately and will operate through to April 2026.

This announcement has been authorised by the Board of Directors
